SECTION ONE—INTRODUCTION

1.1 Statement of Purpose

The County of Stanislaus (County) is seeking proposals from qualified and experienced organizations to provide an Altamont Pass/I-580 Commuter Survey Update for 2019 on behalf of the Workforce Development.

The successful proposer must meet all the requirements and expectations listed, as well as all the general contractual requirements mandated by the County. Any specifications and processes defined in this Request for Proposal (RFP) reflect the current environment, but in no way limit response to this solicitation. However, all proposers must thoroughly explain how their offering meets the minimum service and deliverable expectations specified in the RFP. Award shall be made to the proposer whose proposal is determined in writing to (a) best meet the criteria set forth herein and (b) provide the best value to the County.

This RFP contains instructions governing the requirements for proposals, including the format in which proposal information is to be submitted and the material to be included, the requirements that must be met to be eligible for consideration and the responsibilities of the Proposer before and after implementation.

1.2 Background/RFP Intent

Stanislaus County is an international agri-business powerhouse. One in four jobs in Stanislaus County are directly tied to the agriculture industry or related food/beverage manufacturing. While the agricultural industry is of key importance to the local economy, being so heavily reliant on one sector for the County's economy places Stanislaus at significant risk due to a lack of industrial diversification. The intent of this RFP is to complete a comprehensive study on the number of commuters leaving Stanislaus County to work in the Bay Area. Understanding what talent resides in Stanislaus County will enable Workforce Development to market to businesses for the purpose of establishing and expanding their companies and providing more employment opportunities locally. Having diversified employers in Stanislaus County will provide local labor force a greater opportunity for alternative employment and will retain more of the labor force in the County in case employers downsize or cease operation.

Due to the proximity of the San Francisco/Bay Area, our community has a unique segment of the labor force that are commuters. Understanding the commuter segment of our local labor force will enable Workforce Development to take a proactive approach in Rapid Response strategy. It will allow the Department to understand what type of employers would be attracted to Stanislaus County based on the available talent pool. Previous studies completed in 2000 and 2006 exhibited an increasing and diversified talent pool that live in Stanislaus County and neighboring communities who are commuting to the San Francisco/Bay Area for work.

1.3 Scope of Services

Proposers shall submit a complete Scope of Work that explains in detail what the Proposer's offering. This proposed Scope of Work will be used as the basis for negotiating the final Scope of Work for inclusion in the resultant Contract, if such is awarded. The RFP contains the minimum list of services and deliverables the selected Proposer is expected to provide the County. See Exhibit A for the County's Technical Specifications.

1.4 Program Branding

Contractors providing services under the auspices of Stanislaus County Workforce Development (SCWD) will exclusively use the SCWD branding and logo on all outreach, advertising/marketing

(print, broadcast, digital, online, social media, email, etc.), and business cards. All advertising must adhere to the requirements outlined in the SCWD's style guide and be approved by SCWD staff prior to finalization. Contractor(s) must support and carryout the objectives of the contract while keeping SCWD's best interests in mind. Contractor(s) will utilize phone number and website provided by SCWD.

1.5 Contract Duration

The County intends to enter into an Agreement (Contract) with an initial effective period June 01, 2019 to December 31, 2019. The County reserves the right to extend this Contract if needed for the purposes of completing the study; however, in no case shall the renewal extend beyond two years from the expiration date of the original Contract. An extension of the term of this Contract may be affected through an amendment to the Contract. If the extension of the Contract necessitates additional funding beyond that which was included in the original Contract, the increase in the County's maximum liability will also be affected through an amendment to the Contract and shall be based upon rates provided in the original Contract and proposal.

1.6 Funding

Refer to Exhibit A for further detail.

1.7 Other Government/Publicly Funded Agencies

If mutually agreeable to all parties, the issuance of any resultant contract and/or purchase order referencing the scope of services and modified by mutual agreement between all parties may be extended to other government or publicly funded agencies. All terms and conditions as specified in the agreement shall apply.

1.8 Proposal Deadline

Original proposals shall be submitted no later than the Proposal Deadline time and date detailed in Section 2 - RFP Schedule of Events. Proposals shall be delivered in a sealed package and clearly identify the Project Name, RFP Number, and RFP response date on the outside of the package. Failure to do so will cause the proposal to be rejected. It is the County's recommendation that the delivery method chosen require a receipt confirmation. Proposers shall respond to the RFP and any exhibits, attachments, or amendments. A Proposer's failure to submit a proposal as required before the deadline shall cause the proposal to be disqualified.

Proposers assume the risk of the method of dispatch chosen. The County assumes no responsibility for delays caused by any delivery service. Postmarking by the due date shall not substitute for actual proposal receipt by the County. Late proposals shall not be accepted nor shall additional time be granted to any potential proposer.

Proposals may not be delivered orally, by facsimile transmission, or by other telecommunication or electronic means unless specifically requested by Stanislaus County General Services Agency Purchasing Division (Purchasing).

1.9 Nondiscrimination

Stanislaus County does not unlawfully discriminate in violation of any federal, state, or local law, rule, or regulation because of race, religious creed, color, national origin, ancestry, physical or mental disability, medical condition, genetic information, pregnancy-related condition, marital status, gender/sex, sexual orientation, gender identity, gender expression, age (over 40), political affiliation or belief, or military and veteran status.

No person shall be excluded from participation in, denied benefits of, discriminated against in the admission or access to, or discriminated against in treatment or employment in the County's contracted programs or activities on the grounds of disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or California State Constitutional or statutory law. Additionally, no person shall be excluded from participation in, denied benefits of, or otherwise subjected to discrimination in the performance of contracts with the County or in the employment practices of the County's proposers. Accordingly, all Proposers entering into contracts with the County shall, upon request, be required to show proof of such nondiscrimination and to post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

1.10 Assistance to Proposers with a Disability

Proposers with a disability may receive accommodation regarding the means of communicating this RFP and participating in this procurement process. Proposers with a disability should contact the RFP Point of Contact identified in Section 3.1 to request reasonable accommodation no later than the deadline for accommodation requests detailed in Section 2 - RFP Schedule of Events.

3.5 Default or Failure to Perform

The principal protection of the County's interests in the case of default or other failure to perform shall be by means of bonds. Below are descriptions of the types of bonds. No Bonds are required for this RFP unless an alternate option for financial reports is required.

Bonds shall be duly executed by a responsible corporate surety authorized to issue such bonds in California and secured through an authorized agent with an office in California. Cash discounts offered for payment in less than twenty (20) days will not be considered as a basis of award. Cash discounts offered for payment in twenty (20) or more days will be subtracted from the total Proposal price for the purposes of the Proposal evaluation. Any cash discount offered by the successful proposer will be accepted by the County, whether or not it was considered as a basis of award. All cash discounts, if taken, shall be computed from the date of delivery or completion and acceptance of material, or from date of receipt of invoice, whichever is latest.

3.11 Timing of Award

Within thirty (30) days after the proposal opening, a Contract may be awarded by the County to the Proposer whose proposal is determined in writing to be the best value to the County, taking into consideration price and adherence to the specifications set forth herein. The time for awarding a contract may be extended at the sole discretion of the County, if required to evaluate proposals or for such other purposes as the County may determine.

3.12 Right of Rejection

The County reserves the right to reject any and all proposals, as it may deem proper in its absolute discretion.

3.13 Form Contract/Exceptions and Alternatives

The Sample Contract attached to this RFP contains terms and conditions that will become binding upon the successful proposer upon execution of the agreement/contract. This Sample Contract is attached solely for the purpose of informing Proposers of the fixed, predetermined, standard contract provisions with which the successful Proposer will be required to comply.

If the Proposer suggests alternatives or states exceptions to any term or condition in the Contract, or to any provision or requirement of the RFP, such alternative or exception shall be clearly stated and identified in the submitted proposal. Any alternatives or stated exceptions proposed must satisfy all minimum qualifications specified in this RFP. The successful Proposer will otherwise be expected to sign the Contract upon award of the contract. The County expressly reserves the right, in its sole discretion, to (1) reject a proposal containing any exception or alternatives as non-conforming, or (2) accept any proposal alternative or exception and to award a contract based thereon if determined to be in the best interest of the County.

3.17 Contract Debarment

1. The regulations guiding Contractor Debarment are found in the Federal Acquisition Regulation (FAR), subpart 9.4 – Debarment, Suspension, and Ineligibility.
2. When a procurement or contract involves the use of Federal Funding, the Purchasing Agent (or designee) is required to determine if the contractor or subcontractor has been debarred, suspended, or proposed for debarment.
3. The Federal General Services Administration operates the web-based Excluded Parties List System (EPLS), which names all contractors debarred, suspended, proposed for debarment, declared ineligible, or excluded or disqualified under the non-procurement common rule (FAR 9.404 b 1).
4. Contractors debarred, suspended, or proposed for debarment are excluded from receiving contracts. Purchasing shall not solicit offers from, award contracts to, or consent to subcontracts with these contractors, unless the Purchasing Agent determines that there is a compelling reason for such action. Contractors debarred, suspended, or proposed for debarment are also excluded from conducting business with the County as agents or representatives of other contractors (FAR 9.405 a)
5. Contractors included in the EPLS as having been declared ineligible on the basis of statutory or other regulatory procedures are excluded from receiving contracts, and if applicable, subcontracts, under the conditions and for the period set forth in the statute or regulation. Purchasing shall not solicit offers from, award contracts to, or consent to subcontracts with these contractors under those conditions and for that time period (FAR 9.405 b).
6. Contractors debarred, suspended, or proposed for debarment are excluded from acting as individual sureties (FAR 9.405 c).
7. After the opening of bids or receipt of proposals, the Purchasing Agent (or designee) shall review the EPLS. Bids received from any listed contractor in response to an invitation for bid shall be rejected unless the Purchasing Agent determines there is a compelling reason to consider the bid. Proposals, quotations, or offers received from any listed contractor shall not be evaluated for award or included in the competitive range, nor shall discussions be conducted with a listed offeror during a period of ineligibility, unless the Purchasing Agent determines that there is a compelling reason to do so. If the period of ineligibility expires or is terminated prior to award, the Purchasing Agent may, but is not required to, consider such proposals, quotations, or

offers. Immediately prior to award, the Purchasing Agent (or designee) shall again review the EPLS to ensure that no award is made to a listed contractor (FAR 9.405 d 1-4).

3.18 Federal E-Verify Contracting Regulations

1. As of September 8, 2009, the U.S. Citizenship and Immigration Services' has required federal contractors and subcontractors to begin using the E-Verify system to verify their employees' eligibility to legally work in the United States. E-Verify is an internet based online system operated jointly by the Department of Homeland Security (DHS) and the Social Security Administration (SSA) that confirms the identify information provided on the applicant or employee's I-9 form.
2. The new regulation only affects federal contractors who are awarded a new contract after September 8, 2009 that includes the E-Verify Clause. Federal contractors agree, through language included in their federal contracts, to use E-Verify to check the eligibility of employees hired and current employees who perform contract services during the contract term. The same clause will also be required in subcontracts over \$3,000 for services and construction. Contracts that are exempt from this rule are those that are for less than \$100,000 and those that are for commercially available off-the-shelf items.
3. Vendors awarded a federal contract that includes the E-Verify clause will be required to enroll in E-Verify within thirty (30) days from the contract award date. This process will require vendor's Human Resource Department to use the E-Verify system to verify the employment eligibility of all new hires and any existing employees directly working on the federal contracts.
4. Failure to adhere to this new standard may jeopardize vendor's Federal contracting status. Further information and instructions are available at www.uscis.gov/e-verify.

The County shall not pay costs incurred in the proposal preparation, printing, or demonstration process. All such costs shall be borne by the Proposer.

4.2 Rights to Pertinent Materials

To the extent that the County agrees with that designation, such information shall be held in confidence whenever possible. All other information shall be considered public after the award of the RFP.

SECTION SIX—EVALUATION CRITERIA AND PROPOSER SELECTION

6.1 Evaluation of Proposals

This section identifies the selection process, evaluation criteria, and steps that shall be used in evaluating Proposer responses. Award shall be made to the Proposer whose proposal is determined in writing to (a) best meet the criteria set forth herein and (b) provide the best value to the County. The following describes the evaluation process and associated components.

6.2 Selection Process

The County shall establish an Evaluation Committee (EC) composed of representatives from the County for the purpose of evaluating the proposals received in response to this RFP. The County may elect to include as part of the Committee qualified representatives from other agencies or entities.

The EC shall be responsible for performing the evaluations of each proposal, including an evaluation of the proposed cost. Each member of the EC shall rate the proposals separately unless the proposals are technical in nature. In such cases a subject matter expert may be called upon to score that section of the RFP for all proposals. The scores of each member of the EC shall then be averaged to provide a total score for each of the proposers.

Proposal documentation requirements set forth in this RFP are designed to provide guidance to the proposer concerning the type of information that shall be used by the EC. Proposers shall be prepared to respond to requests by the EC for oral presentations, facility surveys, and other items deemed necessary to assist in the detailed evaluation process. Proposers are advised that the County, at its option, may award this proposal on the basis of the initial proposals.

6.3 Evaluation Phases

It is anticipated that the following steps will be performed by the Evaluation Committee (EC) in evaluating proposals; however, a strict observance to the evaluation steps is not required. A description of each evaluation step is provided below:

6.3.1 Phase I: Evaluate Proposal Submission and Financials (Pass/Fail)

Phase I is a pass/fail evaluation of submission completeness (“responsiveness”) and the financial viability of the Proposer. GSA-Purchasing will conduct a pass/fail analysis of (a) each submitted proposal package for completeness and (b) the financial stability of each Proposer based upon the Financial Report submitted. During Phase I, the Pricing Proposals will remain unopened and be retained by Purchasing. Upon completion of its analysis, Purchasing will forward the qualification proposals submitted by Proposers who passed Phase I to the Evaluation Committee (EC). The Pricing Proposals will remain with Purchasing until the EC has completed the evaluation of the Qualification Proposals.

6.3.2 Phase II: Qualification Proposal Evaluation

In Phase II, the EC will review and evaluate the Qualification Proposals, and each Proposer will be given a score. During this phase, reference checks will be performed, and Proposers may be interviewed. Should the County exercise the option to interview, only those Proposers judged by the EC to be the most qualified to perform the work contemplated herein shall be placed on an "interview list." Those Proposers on the interview list shall be requested to make a formal presentation of their proposals to the County. On the basis of the oral presentation and the written proposal, the evaluators shall make a final ranking of potential Proposers.

In cases where the County has not already specified interviews as part of the Phase II evaluation process, and where Phase II scoring of any of the three top-rated proposers fall within 5% of one another, mandatory interviews of those three top-rated proposers shall be automatically triggered. The scoring for such interviews will be treated as bonus points, with the total possible points awarded to each of the three proposers limited to 5% of the published RFP points total. After such interviews, the scores for these top three proposers shall be recalculated and finalized separately from the other proposers who did not qualify for the interview process.

6.3.3 Phase III: Budget and Budget Narrative

In Phase III, Purchasing shall evaluate the budget and budget narrative using a weighted average, with the lowest price assigned 100% of the points possible.

In determining the amount proposed by each proposer, the County shall disregard the mathematical errors in addition, subtraction, multiplication and division that appear obvious on the face of the proposal. When an item price is required to be set forth in the proposal and the total for the item set forth separately does not agree with a figure which is derived by multiplying the item price times the County's estimate of the quantity of work to be performed for said item, the item price shall prevail over the sum set forth as the total for the item unless, in the sole discretion of the County, such a procedure would be inconsistent with the policy of the proposal procedure. The total paid for each such item of work shall be based upon the item price and not the total price.

Should the proposal contain only a total price for the item and the item price is omitted, the County shall determine the item price by estimated quantities of work to be performed as items of work. If the proposal contains neither the item price nor the total price for the item, then it shall be deemed incomplete and the proposal shall be disregarded.

6.3.4 Calculation of Final Score

Upon completion of all phases of the evaluation process, the scores shall be totaled. The proposals shall be evaluated on the following categories considering the maximum weight possible for each category as listed below:

EVALUATION CATEGORIES	MAXIMUM POINTS
PHASE I	PASS/FAIL
PHASE I – Review and Evaluate Financials <i>Notify Proposers Not Proceeding onto Phase II</i>	PASS/FAIL

Such work shall be within the general scope of this RFP. In such instances, the County shall provide a written description of the additional work, and the successful proposer shall submit a time schedule for accomplishing the additional work and a price for the additional work based on the rates included in the successful proposer's response to this RFP. If the County and the successful proposer reach an agreement regarding the work and associated compensation, said Contract shall become effective by means of a Contract amendment. Any such amendment requiring additional work must be mutually agreed upon by the parties and signed by the successful proposer and the head of the procuring County agency and must be approved by other County officials as required by County laws and regulations. **SCOPE OF WORK
AGREEMENT TO PROVIDE
STANISLAUS COUNTY WORKFORCE DEVELOPMENT ALTAMONT PASS/I-580 COMMUTER
SURVEY UPDATE 2019
JUNE 01, 2019 THROUGH DECEMBER 31, 2019**

Proposers shall submit a complete Scope of Work that explains in detail what the Proposer's offering. This proposed Scope of Work will be used as the basis for negotiating the final Scope of Work for inclusion in the resultant Contract, if such is awarded. The RFP contains the minimum list of services and deliverables the selected Proposer is expected to provide the County.

In 2000 the San Joaquin Council of Governments (SJCOG) in partnership with the San Joaquin Partnership conducted an Altamont Pass Commuter Survey to:

1. Identify job skills of commuters traveling over the Altamont Pass/I-580 to the San Francisco Bay Area as a first step in attracting more jobs to the San Joaquin County area and enabling residents to work closer to home; and
2. Determine the destinations, distances, and travel times reported by Altamont Pass commuters to allow the SJCOG to refine its marketing strategies of carpools, vanpools, and transit services.

In 2006, a follow up survey was completed by SJCOG in partnership with Caltrans to identify and collect updated demographic and job skills data of commuters traveling over the Altamont Pass/I-580 to the San Francisco Bay Area. This information was then compared with the 2000 survey data in an effort to improve transportation services, approach an equitable jobs/housing balance and alleviate congestion. The updated survey included a supplemental effort focusing on I-580 commuters which included additional questions on the survey and extended morning hours to capture commuters travelling from the San Joaquin Valley into the Bay Area.

It has been 13 years since the last update was provided in 2006. Going forward, the Department is seeking a firm(s) to assist in updating the Altamont Pass/I-580 Commuter Survey in 2019 with a specific focus on Stanislaus County residents. There are several crucial objectives of updating the survey:

1. Identify current job skills of commuters traveling over the Altamont Pass to the San Francisco Bay Area.
 - a. Better understand what talent exists that could be an asset to a new or expanding business in Stanislaus County to support economic development and employment opportunity strategies.
 - b. Identify trends over the 19-year period from the initial survey in 2000 through data collected in 2019.
2. Determine the destinations, distances, travel times, salary requirements and willingness to work locally reported by Altamont Pass commuters.
3. Identify industries and Stanislaus County based employers that are at risk of losing current and potential talent that could result in these companies moving out of Stanislaus County or closing the doors.
4. Identify industries and non-Stanislaus County based employers that could bring

additional employment opportunities to the local community.

5. Use the results of Commuter Survey to address the Stanislaus County commuter population to gauge existing workforce needs as described below enabling employers to remain in Stanislaus County: :

- a. Worker Replacement Needs
- b. Difficult-to-fill Positions
- c. Skill Gaps
- d. Incumbent Worker Training Needs

The results of the 2016 Regional Economic Sector and Skills Gap analysis identified the following sectors and skills gaps that exist in Stanislaus County that should be a priority for Workforce Development:

- Medical Technicians
- Electricians
- Maintenance Mechanics
- Ability to use computer operated processing controls and instruments
- Workers with supervisory, management and business skills

The top five sectors represented by commuters of the 2000/2006 Altamont Commuter Survey are detailed below indicating some correlation to the skills gaps identified in the 2016 survey. The updated Commuter Study will enable Workforce Development to identify if the current skills gap can be filled by Stanislaus County residents commuting to the Bay Area and if so, serve as the basis of development for strategy to employ residents in the County.

Top Occupations	2000	2005
Administration/Support Service	11.8%	8.7%
Construction	11.0%	7.2%
Computers	10.3%	4.5%
Manufacturing	10.0%	7.0%
Engineering	7.8%	5.3%

Contractor may identify alternative but comparable methodology(ies) to identify and survey Stanislaus County commuters.

2. Employee Focus Group: Identify a minimum of 10 Stanislaus County residents commuting to the Bay Area to fine tune survey questionnaire answers and provide more in-depth detail on their willingness to transfer to jobs closer to home.
3. Employer Focus Group: Identify a minimum of 3 potential employers that do not currently have businesses established in Stanislaus County but may be interested based on the existing talent pool.

The Office of Management and Budget Uniform Administrative Requirements, Cost principles, and Audit Requirements for Federal Awards (2 CFR 200), specifically §200.331, requires County, acting in the capacity as a pass through entity, to ensure that every subaward is clearly identified to the subrecipient, that each subrecipient is evaluated for risk of noncompliance, and that subrecipient activities are monitored as necessary to ensure that the subaward is used for authorized purposes. When the County assigns responsibility to a subrecipient for conducting a substantive portion of the work under a subaward, the County remains responsible to the cognizant agency awarding the Federal funds for the management of funds and performance outcomes. To: All Prospective Proposers

March 28, 2019

Prospective Proposers for the **BID 19-12-DQ; STANSIALUS COUNTY WORKFORCE DEVELOPMENT BOARD – ALTAMONT PASS/I-580 COMMUTER SURVEY UPDATE 2019** are hereby notified of the following questions/answers proposed during the “Non-Mandatory” proposal pre-conference held March 21, 2019 @ 10:00 A.M.:

Attendees:

Virginia Isha	Stanislaus County / Workforce Development

COMMENTS / QUESTIONS & ANSWERS:

1. Does the County have a methodology or is the contractor required to come up with their own methodology?

Answer: The County has outlined the methodology required in the Request for Proposal under Exhibit A- Scope of Work- Survey Administration. The County also welcomes contractor to negotiate additional methodologies that would enhance and expand the study to provide a more comprehensive study under the Premium Tier of the Compensation section in Exhibit A-Scope of Work.

2. Is the County expecting this survey to have the same outline as the last two (2) surveys or is the County looking for a different outline?

Answer: The County would like the contractor to reference the two surveys provided as Exhibit-C and Exhibit-D as a template of the current study as they are requiring the contractor to “Identify trends over the 19-year period from the initial survey in 2000 through data collected in 2019. (Inclusion of data in the 2006 survey/Exhibit D.) There has been a minor change in the methodology of the initial

2000 commuter survey with the portion of ACE train survey which has been replaced with the Employer focus group. As previously mentioned, County welcomes contractor to negotiate additional methodologies that would enhance the study.

3. What is the sample size?

Answer: From the original study done in year 2000 there was a sample of approximately 30,000 cars captured over the Altamont pass from 3 am to 10 am. After processing with DMV to omit commercial vehicles, there were approximately 22,000 and with the omission of incorrect addresses it became approximately 20,000 surveys mailed. Of the 20,000 mailed, approximately 4,000 (return rate of 19.2%) were returned. The Altamont Pass has changed/become more congested since the initial study so the Department hopes to see at least a 20% return rate (which would be the completed surveys of those sent out after DMV processing). For reference, the 2000 study has recommendations on how to increase the return rate of the surveys.

The employee focus group has to be a minimum of 10 employees traveling to Bay Area.

The employer focus group has to be a minimum of 3 employers from the Bay Area looking to relocate to Stanislaus County.

Additional Comments:

1. Question/Answer Deadline: March 28, 2019 by 4:50P.M.
2. Submission Date: April 11, 2019 by 2:30P.M.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
